STAR FLEET
FILTRATION-INC.

Why air filter cleaning?

With huge cost savings, proven quality, excellent service and Green business advantage, it pays to use Star Fleet Filtration, inc.

Our customers say it all:

MANUFACTURING & INDUSTRIAL PLANTS

"Star Fleet has been servicing our plant for over 4 years. At over \$46,000 in savings per year they are a real asset."

**TREX® DECKING MANUFACTURING,
FERNLEY, NEVADA - CHRIS ALBION**

HEAVY EQUIPMENT OPERATIONS

"We saved over \$8,000 per year in direct savings with Star Fleet's filter cleaning service and almost \$2000 per year in tax savings, with 677 filters not disposed in the landfill. Great service for over 25 years."

CHRIS, TRACY DISPOSAL SERVICES

UTILITIES & CO-GENERATION PLANTS

"The benefits of Star Fleet's filter cleaning keep stacking up over the 25 years they have serviced us. Last year, they cleaned 235 industrial filters; we saved more than \$15,000 in costs, taxes & shipping. They saved us over \$1000 on new filters we purchased."

**MARTY, RIO BRAVO CO-
GENERATION PLANT
LINCOLN**

COMMERCIAL VEHICLES & TRUCKS:

"We've been using Star Fleet Filtration for over 10 years; they have impeccable service and product quality. Their cleaning service has saved us thousands of dollars per year."

RAY, T & T TRUCKING, LODI

What are the return benefits?

Benefits of GREEN FILTER CLEANING over disposing: LOWER COSTS & EARN MORE PROFITS!

- **Saves Money:** lowers air filter costs 40% - 70%
- **Resource conservation:** Filter does not go in the landfill after just one use, reducing the need for land reclamation.
- **Gain "Green Business" advantage:** Many public agencies and corporations favor contractors/services that follow green business practices. Our filter cleaning services help gain favored status.
- **Cleaned filter protects engines better** than a new filter! A cleaned filter needs no break-in period, resulting in more efficient engine running; this means big dollar savings.
- **Quality assurance:** we have a high standard of excellence and 25 years of experience. We do not charge for cleaning of filters that do not pass our careful inspections. Satisfied customers are our best recommendation.
- **NO sales tax** on cleaned filters: more money saved
- **Significantly lowers** disposal fees. Some filters can be cleaned up to 10 times.
- **Fully insured** against product defects.

CLEANED FILTERS: BEFORE & AFTER

(NOT RETOUCHE) BAG-HOUSE
FILTER FROM CEMENT COMPANY
AND AND HEAVY EQUIPMENT
FILTER FROM DISPOSAL SITE

(AND SAVE MONEY!)**

What sets us apart: proven quality, m

Our Mission Statement:

Star Fleet Filtration, Inc air filter cleaning services provides better and more cost-effective protection for engines in trucks and heavy-duty equipment as well as industrial applications such as bag houses or dust collector systems throughout California and Nevada, using a process that extends the useful life of the air filters, which in turn benefits the environment.

O U R R O

measurable results & impeccable service

Our history:

Star Fleet Filtration, Inc has been providing air filter cleaning services for over 25 years. Begun in the Sacramento area, Star Fleet Filtration now cleans filters in our plant in Rancho Cordova, California.

Our process: We have state of the art equipment and use both wet-wash and dry-clean techniques, depending upon the application. We meticulously inspect the filters at the matrix level to make sure your equipment is protected. We do not charge for any cleaning on the filters we reject, and can provide necessary replacement filters at a discount. We are fully insured for any product defects and guarantee our work.

FREE PICK-UP AND DELIVERY

Within 100 miles of our plant or negotiable with service contracts.

REGULAR SERVICE AREA

Routes from Redding to Fresno negotiated for dealers or industries.

2010 EXPANDED SERVICE AREA

From Seattle to San Diego. East Coast & mid-west to be added soon!

A map of California with a dark blue outline. A yellow circle highlights the northern service area, a yellow rectangle highlights the regular service area, and a blue rectangle highlights the 2010 expanded service area. Major cities and highways are labeled.

Our commitment

OVER 25 YEARS OF EXPERIENCE... EXCELLENT CUSTOMER SERVICE!

Star Fleet Filtration, Inc. knows the industrial and heavy-duty air filter cleaning business. We clean filters for all types of heavy equipment, trucks, dust collectors, bag houses, etc.

OUR QUALITY PLEDGE:

- Clean & restore your baghouse, dust collector, truck and air filters to like-new condition.
- Star Fleet only charges for serviceable filters.
- Nationwide Service.
- All cleaned filters meet our excellent standards.
- Uncleanable filters replaced with new on request.
- Quality Inspected: we check for holes & airflow.
- Some change-out service available.
- Fully insured for product defects.

We service but one customer: YOU!

SACRAMENTO MUNICIPAL UTILITY DISTRICT (SMUD)

“Star Fleet Filtration Inc. has been cleaning our used air filters for about a year now and we are very happy with their process. It has reduced our waste to the landfills and cut our cost in half over a new filter. We feel it is a win-win situation.”

- **William Mallory** - transportation

AMERICAN ENGINEERING & ASPHALT, INCORPORATED

“American Engineering & Asphalt, Inc. has been doing business with Star Fleet Filtration, Inc. for the past twenty years. Their service and integrity has been outstanding during our time of relationship. I will continue to do business with them.”

- **Lawrence Williams** - shop supervisor
